.....
General - We cater for members of all ages with interests in the various facets of astronomy.

Annual Subscription due 1 October:

Adults £30 p.a.: Senior Citizens (60+) £24 p.a.: Full time students/Under 18 £12 p.a. Family (2 Adults & 2 Children) £50 p.a.

Meetings - Our main monthly meetings are held at Newchurch Community Hall, Watery Lane, at 7.30pm on the fourth Friday of each month except December. We have lectures given by members and invited guest speakers from various parts of England, when a wide range of subjects may be covered from the elementary to specialized professional astronomical activities. *Visitors are very welcome to these regular functions but please put £2 in our collection box.*

The Society Observatory - We have a superb astronomical observatory at Watery Lane, Newchurch. This facility, was purpose built and houses a 'Go-To' 12inch computerized telescope. We also have other telescopes and binoculars for specialized use, and a range of computers for all astronomical applications.

The Observatory is open on Thursday from 7.30pm for members and 8.00pm for visitors. Members meet at the Observatory for viewing sessions, or if it is cloudy, projector shows, advice and instruction.

We run guided tours of the observatory for organised groups and hold Open Days at the Observatory from time to time and by prior arrangement.

Magazine - Our monthly magazine New Zenith is free to members, and contains some of the latest astro-news, instructive articles and details of current astronomical events.
